Power You Can Count On

LIFEPLUS®* TC3

The only charger series that combines the knowledge of a patented method for diagnosing and recharging batteries, LIFEPLUS TC3 offers unparalleled efficiency while reducing utility bills, water consumption, battery maintenance and repair costs.

LIFESPEED™* 3000

This high-frequency, smart charger has the flexibility to be an opportunity charger or straight-through charger — automatically, which eliminates battery changes, improves productivity and reduces costs.

POWERGUARD®*

This charger series is 100%-rated ferroresonant and features two different controls. The Premium Control feature includes programmable equalize, delay and refresh while Pro Control offers a basic level of control at an economical price.
